Training and supervision
Training and education is important to ensure that everyone in the school understands that child safety is everyone’s responsibility.

Our school culture aims for all staff and volunteers (in addition to parents/carers and children) to feel confident and comfortable in discussing any allegations of child abuse or child safety concerns. We train our staff and volunteers to identify, assess, and minimise risks of child abuse and to detect potential signs of child abuse.

We also support our staff and volunteers through ongoing supervision to develop their skills to protect children from abuse, to promote the cultural safety of Aboriginal children, the cultural safety of children from linguistically and/or diverse backgrounds, and the safety of children with a disability.

New employees and volunteers will be inducted into the school and supervised regularly to ensure they understand our school’s commitment to child safety, and that their behaviour towards children is safe and appropriate. All employees of our school will be monitored and assessed via regular performance review to ensure their continuing suitability for child-connected work. Any inappropriate behaviour will be reported through the Principal or Assistant Principal or directly to DHHS Child Protection and/or Victoria Police, depending on the severity and urgency of the matter.

Reporting a child safety concern or complaint
The school has clear expectations for all staff and volunteers in making a report about a child or young person who may be in need of protection. All staff must follow the school’s Child Safety Reporting Obligations Policy and Procedures, including following the Four Critical Actions for Schools if there is an incident, disclosure or suspicion of child abuse. Immediate actions should include reporting their concerns to the DHHS Child Protection and the Victoria Police for sexual offences or another appropriate agency and notifying the principal or a member of the school leadership team of their concerns and the reasons for those concerns.

The Lakes South Morang will never prohibit or discourage school staff from reporting an allegation of child abuse. The school will always take action to respond to a complaint in accordance with the school’s Child Safety Reporting Obligations Policy and Procedures. In accordance with Action 4 of the Four Critical Actions for Schools, The Lakes South Morang will provide ongoing support for students affected by child abuse.

Risk reduction and management
The Lakes South Morang believes the wellbeing of children and young people is paramount, and is vigilant in ensuring proper risk management processes. The school recognises there are potential risks to children and young people and will take a risk management approach by undertaking preventative measures.
We will identify and mitigate the risks of child abuse in school environments by taking into account the nature of each school environment, the activities expected to be conducted in that environment and the characteristics and needs of all children expected to be present in that environment.
The Lakes South Morang will ensure that it keeps, reviews and continually updates a risk assessment register, including the actions the school will take to reduce or remove the identified risks. The risk assessment register can be found on the school’s policy website page at http://www.thelakes.edu.au/policies.html.

Listening to, communicating with and empowering children
The school has developed a safe, inclusive and supportive environment that involves and communicates with children, young people and their parents/carers. We encourage child and parent/carer involvement and engagement that informs safe school operations and builds the capability of children and parents/carers to understand their rights and their responsibilities. Our school is committed to supporting and encouraging students to use their voice to raise and share their concerns with a trusted adult at any time of need.
When the school is gathering information in relation to a complaint about alleged misconduct with or abuse of a child, the school will listen to the complainant’s account of things and take them seriously, check understanding and keep the child (or their parents/carers, where appropriate) informed about progress.
The school will promote the Child Safe Standards in ways that are readily accessible, easy to understand, and user-friendly to children, including:
