THE LAKES SOUTH MORANG COLLEGE
OCCUPATIONAL HEALTH AND SAFETY (OHS) POLICY

The Lakes recognises it has a responsibility to provide and maintain a working environment that is safe and without risks to individual health and welfare. This responsibility extends to all employees, students, parents, contractors and other visitors to the school site.

School management is committed to providing a safe working environment through the implementation of risk prevention and reduction strategies that are integrated into all school activities. A consultative, co-operative approach between employees and management on OHS issues will be encouraged.

This policy is consistent with:
(a) the DET Mission Statement that schools provide a safe and appropriate teaching and learning environment for both staff and students and
(b) the school’s legal obligations under the Victorian Occupational Health and Safety Act 2004 (OHS Act) common Law duty of care.

- To investigate accidents (including serious near misses) with a view to preventing recurrence
- To maintain written records on all OHS activities undertaken
- To implement staff health and wellbeing strategies
- To provide a Return to Work (RTW) program for employees in the event of injury or illness.

Adequate resources will be provided to support this policy.

be delegated. The nominated OHS management representative may not also act in the role of elected staff Health and Safety Representative (HSR).
