Rationale:
Focussed and needs driven professional development programs provide optimum opportunities for professional growth, enhanced diversity, and improved student learning at The Lakes South Morang College.

Aims:
- To provide opportunity for staff to further their professional skills and/or qualifications.
- To provide opportunities for staff to further develop their awareness, knowledge and skills in current teaching and learning practices.
- To develop teachers with enhanced skills that in turn will improve student learning.
- To ensure all school councillors have the opportunity to develop the skills they need to exercise their responsibilities in the most effective manner.

Implementation:
- Ongoing and needs driven professional development is an obligation of all professionals, School Councillors and some volunteers.
- Each individual’s professional development is a shared responsibility between the school and the staff member.
- Each staff member will develop a personal professional development plan that is embedded within, and reflects the performance review process.
- The personal professional development plan will allow for both school identified needs, and those of a personal interest in line with school philosophy.
- A staff member will be assigned the responsibility of professional development coordinator. Their role will be to inform staff of professional development opportunities, which in turn will reflect individual staff needs as identified in performance review plans. The coordinator will also play a role in coordinating and organising professional development activities for individuals and the whole school, as well as communicating any replacement teacher needs with a member of the Principal Team.
- A budget will be allocated to professional development each year and adhered to. Budget implementation will allow, over time, for equity of resources amongst staff, and include an amount for incidental professional development. The Campus Executives and the School Improvement Team will be responsible for its implementation.
- Staff are encouraged to seek and provide professional development from other staff members within the school.
- Staff members are encouraged to keep a log of professional development as part of their Victorian Institute of Teaching registration.
- All staff and councillors attending professional development have a responsibility to report briefly to the remainder of staff/councillors about the activity and its benefits etc.

Evaluation:
- This policy will be reviewed as part of the school’s three-year review cycle.
  This policy was ratified at School Council on the 19/03/19

The Lakes South Morang College Child Safety Statement:
To thrive, children need a safe and supportive environment at school, at home and in the broader community; no exceptions. At The Lakes South Morang College, we believe meeting the physical and emotional needs of our students is paramount in laying the foundations for a fulfilling future. We pledge to provide an environment that has zero tolerance to child abuse and will strive to work in partnership with our parents and community members to keep our students safe every day, in every way.
